NORTH RIGTON

BULLETIN – FRIDAY 1ST APRIL

“GROW, BLOSSOM, FLOURISH”

This week we have seen every season of the weather, sometimes all in one day! We have had the extremes of running around in our T-Shirts and shorts, to wrapped up building snowmen on the field. Hopefully the good weather will be here to stay soon.

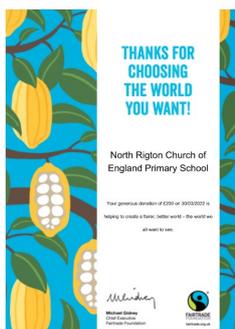

Thank you for all your generous contributions lately including for Fairtrade, Comic Relief and this week to help the people of Ukraine. We have been overwhelmed by your generosity.

Our Ukraine Flag

Fair Trade

Busy Bees raised £199.33 for Fairtrade from their final flourish. Their donation can help bring Fairtrade to more small farmers all over the world, so they can earn a fair price for their produce and invest in their futures. It will not only support projects to bring Fairtrade to more farmers and workers, but also help them improve their farms, build demand for their produce and help strengthen their voices to negotiate a fairer deal – so they can truly trade their way out of poverty. Amazing work Busy Bees.

Gardening club

We have had a busy few weeks in the garden. We have tidied the beds in the reflective garden at the top of the field in preparation for planting vegetable seeds next week. Tonight we have planted lots of different vegetables and put them in the greenhouse. Fingers cross they will start to grow before Easter! They might have to go on holiday to the 'Ellis' greenhouse over the Easter holidays! The children are working hard and enjoying the anticipation of what might grow next term.

Science Ambassadors

Some of the Year 5 children have volunteered to become Science Ambassadors. They are already working hard to sort Science Books for the children to read and making 'Whizz Pop Bang' bags for children to borrow at home. They will be helping Miss Ellis to plan an exciting Science Week for the first week back after the Easter holidays. Keep an eye out on tapestry during Science week for lots of exciting updates of the things we will be doing in class.

Mrs Ellis

It has been wonderful seeing parents back in school this week for the Stay and Play in Apples. The children were so excited to show off their classroom and proud to showcase their learning this term. We look forward to welcoming more parents very soon, especially to support reading for pleasure in school.

House Points

Hawthorne	74
Rowen	47
Willow	106
Maple	102

This week some house points have been given for being ready to learn, showing compassion for others, working with growing independence and for positive attitudes. Well done to Willow this week.

A reminder that our Easter Service will be at 10am on the 7th of April at St John's Church. We look forward to seeing you there.

Have a lovely weekend,

Yvonne Methley
Interim Headteacher
