YEAR 6

There was high excitement today as our year 6 children were given their leavers hoodies!

MARS CLASS TAKE ON A 100 MILE CHALLENGE

There will be some tired legs this weekend! Mars Class have been busy walking around the village, building up to their 100 miles. Inspired by their learning of Captain Moore, the children are taking on this challenge to raise money for the school playground and a local charity which supports elderly people who feel lonely and isolated. They will be walking the final miles next Thursday and celebrating with a party on the field at the end. <https://www.justgiving.com/crowdfunding/100mileasko>
