

NORTH RIGTON

CHURCH OF ENGLAND PRIMARY SCHOOL

NORTH RIGTON

BULLETIN— 28 April 2023

It's been another wonderful week at North Rigton with lots of exciting things happening.

Busy Bees and Y5/6 participated in a virtual poetry workshop with award winning poet Rob Bradley on Wednesday. Rob is a poetic rapper and storytelling songwriter as well as a freestyle rap world champion. His interactive session focussed on the basics of rhyme, rhythm and performance and was a real hit with all the children! I was blown away by the quality of writing produced following this workshop and I was delighted to have lots of children visiting me in the office to proudly show their work.

Our after school clubs run by Clubs Complete began this week. It's brilliant that so many families have signed up and it was great to see the children enjoying their netball and football sessions with their coach.

With many thanks

Mrs Gardiner

Class Information on the Website:

Our class web pages have been updated to reflect all the wonderful learning our children will complete this term. Please do have a look at what they will get up to. If you would like to support your child with elements of their learning at home, a reminder that you will also find links to the class 'Enjoying Learning Together at Home' grids.

Volunteers in School:

We are always keen to have parent/grandparent volunteers in school and are currently able to take on new reading helpers and lunch time helpers. If you are interested in volunteering at school, please contact Mrs Gardiner. Thank you.

Friends of St Peter's CE Primary School—FOSP

They're having a ball! There are tickets available if you would like to book a table for yourself and friends.—See attachment for details.

Coronation Celebrations:

A reminder that parents/carers are invited to join us for a coronation celebration on Friday 5th May at 12.30. FOSP will be selling cakes and drinks (cash only, please).

Create a Sustainable Crown Competition:

As part of our coronation celebrations, we will be holding a competition for the design and creation of the best sustainable crown! Children may use any recycled materials to make and create a crown fit for a King/Queen/ Prince or Princess! Those who wear their crowns to the coronation celebration on the 5th will be automatically entered into the competition and will be in with a chance of winning a special coronation themed prize. We can't wait to see what they come up with!

Visit to Lime Tree Observatory and Planetarium (Planetarium | limetreeobservatory)

Following our Ogden Trust Fact File Science Poster competition during Science Week, our Key Stage 2 winners and runner up (Freya, Gaby and Annabelle) got to experience an evening in a planetarium this week with other competition winners from schools within the Ogden Trust. Well done to all the children for representing our school so well with their behaviour, knowledge of space and curiosity! An enjoyable time was had by all!
