

All Saints CE Primary School SEN Information Report

Code of Practice 6.79

'The governing bodies of maintained schools and maintained nursery schools and the proprietors of academy schools have a legal duty to publish information on their websites about the implementation of the governing body's or the proprietor's policy for pupils with SEN. The information published **must** be updated annually and any changes to the information occurring during the year must be updated as soon as possible. The information required is set out in the draft Special Educational Needs (Information) Regulations and reflects the information required for the local offer'.

Schools should ensure that the information is easily accessible by parents and is set out in clear, straightforward language. This should include information on the school's SEN policy, named contacts within the school where parents have concerns and details of the school's contribution to the local offer.

In setting out details of the broad and balanced curriculum provided in each year, schools should include details of how the curriculum is adapted or made accessible for pupils with SEN.

The North Yorkshire local offer can be found at:

<https://www.northyorks.gov.uk/children-and-families/send-local-offer>

All Saints CE Primary School SEND Information Report

Date - September 2023

Link to SEND Policy <https://asnrfellowship.ycst.co.uk/parents/send/>

This is what we provide in our school	This is North Yorkshire LA's minimum expectations of good practice
<p>1 What kinds of SEN are provided for in your school?</p> <p>At All Saints CE Primary School, we welcome all children including those with SEND. We are committed to providing high quality first teaching so that all children can make good progress in their learning. We make our very best endeavours to meet the needs of all children and have a great deal of experience with supporting children with a range of SEND including:</p> <ul style="list-style-type: none"> • communication and interaction • cognition and learning • social, emotional and mental health • sensory and/or physical needs 	<p>Children and young people (CYP) with a wide range of SEN are welcomed into the school. If a parent of a pupil with an EHCP requests a place at the school, the CYP is welcomed and strategies sought to meet needs.</p>
<p>2 What policies do you have for identifying children and young people with SEN? How do you assess their needs? What is the SENCo's name and how can I contact them?</p> <p>The SENCo at All Saints CE Primary School is Miss Holly Cromack and she can be contacted via the school office on 01423 872491 or admin@allsaints.ycway.uk (FAO SENCo). Miss Cromack has a PGCE in SEN Coordination (National SENCO Award).</p> <p>The school's SEND Policy can be found on the school website and this highlights how children's additional needs are identified and how the school will support these children.</p> <p>The school adopts a 'Graduated approach' of Assess, Plan, Do and Review. This is a</p>	<p>The name and contact number of the SENCo should be readily available for parents. Where the school feels that something additional or different is needed to support your child because they have SEND they will discuss this carefully with you. This information may well be recorded in a document for you and your child, known as an individual provision map or an individual education plan. This should include:-</p> <ul style="list-style-type: none"> • details of any strategies being used to support your child

<p>cycle to identify, provide and review the provision for children with SEND.</p> <p>All children at our school have access to Universal provision which is personalised, targeted support through high quality first teaching. 'Flourishing' meetings, both with parents and with the Senior Leadership Team, are held each term to discuss the progress of all children. If a child is needing support with their learning, additional provision is given to the child following this meeting.</p> <p>After this additional provision, if a child still needs longer term support, there will be a discussion with the parents about identifying that the child may have a particular need and ongoing additional or different provision may be needed for their child. Children who have been identified as needing some additional ongoing support will have their targets recorded on an Individual Pupil Profile, detailing their specific provision and describing the child's individual strengths and needs and the type of support they will receive to help them make progress. Clear steps to success are agreed so that the child, teachers, support staff and parents are all clear about desired outcomes. This is reviewed at least once a term.</p> <p>Some children in school with more complex needs will have an Education, Health and Care Plan (EHCP). Assessment of need is carried out in close partnership between the parents, class teacher and SENDCO.</p>	<p>in class;</p> <ul style="list-style-type: none"> • details of any extra support or interventions for your child • your child's learning targets and their long term desired outcomes • the next date when your child's progress will be reviewed. <p>Most pupils will benefit from SEN support, but some pupils who need high levels of support, or who have complex needs will need to be referred for an education, health and care plan.</p>
3 What arrangements do you have for consulting with parents of children with SEN and involving them in their child's education?	
<p>At All Saints CE Primary School, we have an open door policy and parents are always welcome to speak to members of staff about their children.</p> <p>There are two Parents Evenings in the Autumn and Spring term. We offer support and guidance to all parents about how best to support their children. In addition to this, the class teacher will meet with parents/carers of children with SEND regularly (at least once a term) to share and review Individual Pupil Profiles, discuss progress, impact of interventions and target setting. The finished document is then signed and shared with the child, parents, other appropriate members of staff and the SENDCo. These are evaluated regularly by the class teacher and amended if necessary. New targets are set at least every term.</p> <p>For some children, communication takes place on a daily basis through the use of Tapestry, contact with the class teacher before or after school or via Email.</p> <p>For children who have an Education, Health and Care Plan, an Annual Review is held to update the EHCP. Parental views are sought and shared prior to the Annual Review.</p>	<p>Schools communicate regularly with parents, usually once a term, to discuss how well their child is doing. They listen to what parents have to say and respond to it. For pupils with SEND it is often desirable that there is more frequent communication as it is vital that parents and school work together closely. Your knowledge and understanding of your child's needs is essential to support the school in making the best provision for them. This should also take account of your and your child's hopes, personal goals and interests.</p> <p>This will allow the school to regularly explain to you where your child is in their learning, and to work with you to ensure the most appropriate targets are set to ensure progress.</p> <p>On-going communication with school may include:</p> <ul style="list-style-type: none"> • regular contact through a home-school book or by e-mail to keep you informed of things that are going well or

<p>Parents are invited into school to meet with class teachers and/or the SENDCo at the earliest opportunity if it is felt that a child is not making adequate progress or if it is felt that they may have a Special Educational Need or Disability. Parents are always consulted before a child is formally recorded as having SEND.</p>	<p>particular successes</p> <ul style="list-style-type: none"> • more regular meetings to update you on your child's progress and whether the support is working • clear information about the impact of any interventions • guidance for you to support your child's learning at home.
<p>4. What arrangements do you have in place in your school to consult with young people with SEN and how do you involve them in their education?</p>	
<p>At All Saints CE Primary School, the views of all children, including children with SEND, are obtained to alter, enhance and enrich provision at our school. This is done via a school council in which pupils are represented from Reception to Year 6.</p> <p>Class teachers review and update Individual Pupil Profiles alongside the child. Children provide their views on how best to support them and are involved in target setting and the steps to reach those outcomes. When taking part in an intervention, the children will be aware of the objectives and targets as well as the desired outcome. Children should be able to articulate or show what their next steps to learning are. All children are able to discuss their learning needs and what helps them to learn better.</p> <p>Views of all children with an EHCP are sought before an Annual Review. This might take the form of a simple questionnaire or a report written by the child. Children are invited to attend part of their Annual Review meeting if appropriate.</p> <p>Twice a year there are pupil voice meetings where the SENCo meets with children with SEND to discuss their views on their learning, the support they are receiving and their progress.</p>	<p>School will obtain the views of all children (pupil voice) to shape provision in school. Your child's school may have a school council. In addition, it is vital that the views and aspirations of children and young people with SEN are listened to and they are supported to achieve their aspirations as far as possible. Your school will be able to describe how this is undertaken and the frequency with which the child is consulted.</p>
<p>5. What arrangements are in place for assessing and reviewing children and young people's progress towards outcomes. Please can you explain what opportunities are available to enable you to work with parents and young people as part of this assessment and review</p>	
<p>At All Saints CE Primary School, the progress of all children is monitored on a regular basis as part of an established whole school framework. Regular, on-going teacher assessments provide class teachers and support staff with day-to-day successes and next steps for all children.</p> <p>Formal assessments take place each term and may be in the form of tests. Test information is always used alongside teacher assessment to give an overall view of each</p>	<p>All pupils with SEND should make at least expected progress, in line with their peers. Your school will be able to explain how it will be monitoring your child's progress to ensure that it is at least in line with expectations. This will usually include progress made with personal targets, and overall progress on the National Curriculum.</p> <p>Many schools use inclusion passports. This is a document</p>

<p>child's attainment and progress. SATs and Teacher assessment are gathered for year 2 and year 6. In-school tracking systems are used to identify children not making expected progress or that are working below national expectations. These children are discussed at termly 'Flourishing' meetings. These are to assess the PEAs (Progress, Effort and Attainment) of individual children. Children who are 'Growing' in attainment or making 'Gradual' progress are discussed at these meetings in more depth. Any children who are not making their expected progress or not progressing in line with national expectations are recorded by the SENDCo and additional provision is put in place to support these children.</p> <p>PIVATs assessments may be used to show even smaller steps of progress for children that will make less progress than their peers. This may be due to medical issues or severe learning needs.</p> <p>You will have the opportunity to discuss your child's progress at parents evenings and at review meetings.</p> <p>Some children have Individual Pupil Profiles, which highlight a child's strengths, interest and their own views about their learning. It also lists the provision and intervention that a child may have been in receipt of and their impact.</p>	<p>that summarises the support that has been given to a pupil over a period of time, and the difference that this support has made. You may like to ask your child's school whether an inclusion passport would be useful for you and your child. Your child may well have their own version which they can share with staff and which can help to explain their interests and things that help them learn and to enjoy school.</p>
<p>6. What are the arrangements for supporting children and young people in moving between phases of education and in preparing for adulthood? How do you ensure that as young people prepare for adulthood the desirable outcomes reflect their ambitions, which could include higher education, employment, independent living and participation in society</p>	
<p>At All Saints CE Primary School, we understand that transition between schools, from one key stage or class to another can be very stressful for children and their parents.</p> <p>In the Summer term before children enter Reception, class teachers, along with the SENCo if necessary, visit the children in their pre-school settings. Children are invited to attend transition days where they have the opportunity to meet their class teacher and get to know their new classrooms and routines.</p> <p>We have close links with secondary schools and put transition plans in place for our children with SEND and arrange additional transition days, with a member of staff if necessary, to ensure that they have the best possible start at secondary school. A member of staff from secondary school attends Annual review meetings of Year 6 children with an EHCP.</p> <p>During the Summer term we hold transition days with the whole school, where all children spend time with new teachers before moving to a new class. Children with</p>	<p>Your SENCo should arrange an appropriate transition review in plenty of time before any move. Staff from the receiving school should be invited to attend. Transition meetings and visits should be arranged for the pupil or student, often accompanied by a well-known member of staff. The pupil should receive as much transition work as they feel necessary.</p>

SEND may need more support at this time.	
7. What is your School's approach to teaching children and young people with SEN?	
<p>At All Saints CE Primary School, we believe that quality first teaching is paramount in ensuring that all children, regardless of ability, make progress. Work is carefully differentiated and reasonable adjustments are made, to meet the needs of all children whatever their learning style and to ensure that every child can make progress. High quality support for learning within lessons is necessary for some children to make good progress alongside their peers. This support and strategies we use in lessons is recorded on our Whole School Provision Map.</p> <p>We are able to offer a wide range of evidence-based interventions to support the needs of our children and to help them overcome their barriers to learning. For some children the interventions are short term and last around six to ten weeks. For some it can form part of their longer-term provision. Interventions are usually run by the class teacher or a trained teaching assistant under the supervision of the class teacher. Interventions are monitored for their impact. We expect children in receipt of interventions to make accelerated progress. Parents are informed if their children are receiving interventions.</p> <p>All our classes benefit from teaching assistant support at some time during the week. At some stage therefore, most children will be supported by a TA either in a group or 1:1 as part of the normal running of the class. There may be occasions when we feel that some additional adult support within lessons may help a child to make progress. This is not always the case and only in exceptional circumstances will a child have 1:1 support in all lessons. Our aim is to help children to be independent.</p>	<p>High quality support for learning within mainstream lessons is the most important factor in helping pupils with SEND to make good progress alongside their peers. There may be occasions when the school feels that some additional support within lessons may help your child to make better progress. This is by no means always the case. However, if some additional small group or one to one support within lessons is planned, the school will explain how this will work, what the aims of this support will be and how and when the impact of this support will be reviewed. Most importantly, this support should be aiming to make your child more independent in lessons. Schools use a range of evidence based interventions to support pupils with SEND to make better progress. Interventions are structured learning programmes. Your school will be able to explain to you:</p> <ul style="list-style-type: none"> • what interventions your child is receiving and what are the intended learning outcomes; • when during the week any interventions will be delivered and for how many weeks; • who will be delivering the interventions (usually a well trained teaching assistant) and where (e.g. in class or outside the classroom) • how the interventions will relate to and support learning in the classroom; • how they will be monitored closely to make sure they are helping your child to make accelerated progress.
8. What sort of adaptations are made to the curriculum and the learning environment of children and young people with SEN?	
<p>At All Saints CE Primary School, we make reasonable adjustments to allow children with SEND to access the curriculum and the school environment. There are Whole School Provision Maps outlining the Quality First Teaching, Time limited small group provision and Personalised provision for each area of need.</p> <p>Teachers differentiate learning by support and some children with SEND may have a personalised curriculum that is adapted to their needs and separate planning to ensure</p>	<p>Your school will be able to describe some of the approaches that classroom teachers and other staff will be using throughout the day to help address your child's needs within lessons. They may also be able to share with you the school's overall plan of support (provision map), which outlines many of these strategies. Some children with a high level of need will also need a</p>

<p>that their needs are met.</p> <p>Relevant care plans, health care plans and risk assessments are implemented for children who have a high level of need in discussion with parents and relevant professionals. There is a disabled toilet downstairs.</p>	<p>care plan or a health care plan which may include a risk assessment.</p>
<p>9. What sort of expertise for supporting children and young people with SEN do you currently have in school? How do you ensure that the expertise and training of staff to support children and young people with SEN is current? How do you access and secure further specialist expertise?</p>	
<p>At All Saints CE Primary School, all staff receive regular training to enable them to meet a range of SEND. Teachers and teaching assistants have regular generic training as part of staff meetings, twilight sessions and training days, and specific external training to meet individual needs as necessary. If a pupil has particular needs and the school has exhausted its repertoire, specialist support is sought promptly from relevant professionals through Single Point of Access (SPA) forms, Educational Psychologist requests or staff from the Multi Academy Trust (MAT)</p> <p>The SENDCo attends regular Multi Academy Trust meetings with other SENCOs and Local Education Authority network meetings to keep up to date with current legislation and the latest ideas and initiatives.</p> <p>The SENDCo has gained a PGCE in SEN Coordination and holds the NASENCO award (the National SENCo qualification).</p>	<p>All staff should receive regular training to enable them to meet a range of SEN. Teachers and teaching assistants should have regular generic training and specific training to meet individual needs as necessary.</p> <p>Schools must make good use of their SEN funding to meet a range of need. However, if a pupil has particular needs and the school has exhausted its repertoire, specialist support should be sought promptly.</p>
<p>10. How do you evaluate the effectiveness of the provision made for children and young people with SEN?</p>	
<p>At All Saints CE Primary School, lessons for all children are monitored through observations by the senior leadership team.</p> <p>We expect all children with SEND to make at least expected progress, in line with their peers. All children at our school are regularly assessed and monitored and their progress is discussed termly with the senior leadership team at 'Flourishing' meetings. The interventions and progress of children with SEND are also discussed in depth with the SENDCo at SEND Flourishing meetings.</p> <p>Each year the SENDCo will carry out learning walks and pupil voice meetings to observe the provision that is taking place and offer recommendations of alternative or additional provision when necessary.</p>	<p>The progress and attainment of all children is carefully monitored and reported to parents. Your school will be able to explain how they track pupil progress in their school. If a child is provided with additional and different provision/interventions, the school will carefully monitor the impact by a variety of methods; such as: measuring how the intervention accelerated progress over a given time – known as a ratio gain or the before and after impact on self-confidence, behaviour etc. During the planning meeting with parents and where possible the child or young person, the teacher will explain what the expected impact will be by the time the intervention is reviewed and how this will be measured. Many schools use Individual Provision Maps (IPMs) to capture this</p>

	<p>information, which is written during your meeting. This meeting with you and your child is often described as a 'learning conversation'. The school will evaluate the impact of all interventions and whether they have a strong evidence base of effectiveness.</p> <p>Other provision, for example provision regularly used in-class (known as Quality First Teaching), will be evaluated regularly by the Senior Leadership Team. Your school will be able to describe how this is undertaken.</p>
11. How are children and young people with SEN enabled to engage in activities available with children and young people in the school who do not have SEN?	
<p>At All Saints CE Primary School, all children have access to all activities both in school and out. For a school trip, the trip leader will undertake a pre-visit where a risk assessment is completed and adaptations put in place where necessary. All children are equal and can access all sporting and musical clubs, have opportunities to become an ambassador or a member of our school council.</p>	<p>The school's policies should all state how all pupils are actively included in a wide range of curriculum and extra-curricular activities, including school trips. Pupils with SEN should be equally represented in positions of responsibility e.g. the school council.</p>
12. How do you support children and young people with SEN to improve their emotional and social development? Please explain the extra pastoral support arrangements for listening to the views of children and young people with SEN and measures to prevent bullying.	
<p>All Saints CE Primary School's Christian Values are embedded throughout our school and we are committed to providing high quality Personal, Social and Health Education(PSHE) lessons. We have regular PSHE lessons for all children including lessons about friendship, internet safety and bullying. We have an active school council so that children can offer suggestions and highlight problems. Children's views are sought, through the school council and from all children during circle time and PHSE sessions in class.</p> <p>The school has received Level 1 Mental Health and Wellbeing Training provided by Compass Buzz to support those children with anxiety difficulties or mental health needs.</p>	<p>Some of the interventions implemented should be for emotional support e.g. SEAL nurture groups, the provision of a key worker.</p>
13. How does the School involve other bodies, including health and social care bodies, local authority support services and voluntary sector organisations, in meeting children and young people's SEN and supporting their families?	
<p>In some cases, school requires the support and expertise of outside agencies in order to support a child. <i>Parents are always asked for consent</i> before we discuss any child with an outside agency.</p> <p>Below are some of the agencies we work with:</p> <ul style="list-style-type: none"> • <u>Speech and Language therapy</u> Some children require support with their speech and language development. Children 	<p>The Local Authority offers a range of specialist support and outreach services, including educational psychologists and local enhanced mainstream schools, to help schools to deliver appropriate support and interventions, Other specialists such as speech and language therapists can also support schools in this. If the school feels that the involvement of another agency will</p>

can be referred by school and are assessed by a NHS speech therapist. They may then be invited to attend the Child Development Centre for a course of speech therapy. The therapist gives advice to the school staff in strategies and interventions that can be used at school. Children with communication difficulties who have an EHCP may be visited regularly in school by a speech therapist. Also, where possible, we work alongside any privately commissioned speech and language therapists, actively supporting the child's therapy programme.

- Healthy Child Team and Nursing Professionals (NHS)

The team carries out nationally required assessments and hearing checks on all our younger children and is also involved if a child has a medical problem. Amongst other areas of provision, they sometimes offer emotional health and well-being support:

<https://www.hdft.nhs.uk/services/childrens-%20services/growing-healthy-north-yorkshire/5-19-ny/>

- North Yorkshire SEND Hubs

- Communication & Interaction
- Cognition & Learning
- Social, Emotional and Mental Health
- EYFS

The Hub's multi-disciplinary services offer outreach support, advice and expertise to schools.

- Educational Psychologist

- Sensory, physical and medical teaching team

We work closely with teachers from this team when we have a child with a visual, hearing, physical or medical need.

- Occupational Therapist

- Paediatrician

- Children and Families Early Help Team

- Social Care

- Young Carers

help them to meet your child's needs you will be informed and asked to give your consent.

<ul style="list-style-type: none"> • <u>Just B</u> • <u>Compass Phoenix Health and Wellbeing Service</u> • <u>Child and Adolescent Mental Health Service (CAMHS)</u> 	
<p>14. What are the arrangements for handling complaints from parents of children with SEN about the provision made at the school.</p> <div> <div data-bbox="136 328 1319 697"> <p>At All Saints CE Primary School, we operate an 'open door' policy. Parents and Carers are encouraged to speak with the class teacher about any concerns they may have. If the class teacher is unable to allay a parent's concerns, they will be advised to speak to the Head Teacher or SENDCO.</p> <p>There is a formal complaints procedure and complaints can be made in writing to the Chair of Governors.</p> <p>Designated SEND Governor – Mrs J McCudden (contact through school). With the SENDCO, she oversees the development of Special Educational Needs provision in our school.</p> </div> <div data-bbox="1319 328 2098 697"> <p>There must be a designated governor for SEN in the school and complaints about SEN should follow the general complaints procedure. It is always best to approach the teacher or the Headteacher first, to see if your concerns can be immediately addressed. If you still feel that your view has not been listened to or answered to your satisfaction you can make a formal complaint by writing to the chair of governors at the school.</p> </div> </div>
